

THE ALTERNATIVE CLINIC

FOR EXTERNAL INJURIES AND INTERNAL DISEASE

Clinical Training at The Alternative Clinic What to Expect & Code of Conduct

Thank you for your interest in clinical training at The Alternative Clinic. Please read through the following information, and return a signed copy of these guidelines to us via e-mail prior to the start of your training.

Observation / Immersion Programs:

As part of our mission to raise the bar of Chinese medicine, we offer observation and training at The Alternative Clinic to licensed practitioners. We believe in bringing classical theory to life through clinical application, and there is no better way to do that than seeing the medicine practiced effectively.

While seminar training is very important, watching skilled Chinese medicine practitioners treat real patients is the most important step to clinical efficacy. Traditionally, a practitioner would spend years assisting and interning before going out on their own, yet today most students graduate from school without any meaningful form of clinical residency, internship or mentorship. Our clinical training hours have been approved for CEU credit by the California Acupuncture Board and can be submitted for the total number of hours accrued toward licensure recertification. The NCCAOM however will only accept 10 hours of clinical experience toward continuing education requirements.

Observation / Immersion Programs:

- Observers must be licensed practitioners and provide proof of insurance at time of booking.
 - Payment is due in full at booking, dates are unconfirmed until payment is received.
 - Payments are not refundable for any reason unless cancelled by ATS. Please respect this policy and do not ask for exceptions.
 - Always confirm with your governing board before paying for observation if you are counting on CEUs for your practice. ATS is not responsible for ensuring your governing body accepts our CEU certificates.

One Day Observation: \$240

- 9-5 pm, any single day of the week.
- End of day the observer is granted one 8 hour CEU certificate.

One Week Observation: \$750

- Monday through Friday.
- Must be completed in one calendar week
- End of week the observer is granted a certificate detailing hours completed not to exceed 40 hours

Three Week Immersion: \$2,000

- To be completed in either one 3 week immersion or three 1 week immersions to be completed in the course of one year
- To be completed in 6 months from start of program
- End of each week the observer is granted a certificate detailing hours completed

Three Month Immersion: \$4,500

- To be completed in either one 3 month immersion or three 1 month immersions
- To be completed within 18 months from start of program
- End of each month the observer is granted a certificate detailing hours completed

THE ALTERNATIVE CLINIC

FOR EXTERNAL INJURIES AND INTERNAL DISEASE

Application Process

To sign up for clinical observation or an intensive immersion program, please send your requested dates of participation by e-mail. Please also review the information and code of conduct information below.

Application Process:

To sign up for clinical observation, please send an e-mail with requested dates of attendance. A credit card is required to confirm your observation dates and are not refundable

Space limited to two observers per practitioner

Monday: practitioners JulieAnn Nugent-Head & David Trevino

Tuesday: practitioners Andrew Nugent-Head & David Trevino

Wednesday: practitioners JulieAnn Nugent-Head & Andrew Nugent-Head

Thursday: practitioners Andrew Nugent-Head & David Trevino

Friday: practitioners JulieAnn Nugent-Head & David Trevino

CEU Certification:

If you need to certify your training hours for licensure, be sure to let the front desk know ahead of time that they will need to prepare CEU certificates. It is your responsibility to obtain this paper and to keep it for accreditation. Training shifts are approved for CEU credit through the California Acupuncture Board under the title "Medical Grand Rounds", and are considered professional development by the NCCAOM for a maximum of 10 hours of clinical experience.

Travel:

Asheville airport (AVL) is 15 minutes from town. Being a small airport, flights are slightly more expensive to fly directly into Asheville, though the convenience is well worth it. Other options are Greenville or Charlotte, taking a shuttle into Asheville. For international flights, connecting through Newark or Chicago is a good choice, as both of those cities have a direct flight to Asheville.

Accommodations:

The clinic is in the heart of downtown and the city is easily walkable if you find accommodations near downtown. Otherwise, west and east Asheville may require car / bike or uber service to get to and from the clinic to lodging. Please see the attached recommended accommodations sheet.

Parking:

There is very limited parking in the downtown area. However parking by Greenlife Grocery store and the neighboring gas station is free and does not have time restrictions. Metered street parking in downtown has a two hour time limit. Affordable parking garages in the downtown area are often available in the early morning but filled by noon. There is a flat rate parking lot across from Dobra Tea House on Lexington. Parking is very difficult to find in downtown past 11am.

Shift Payment:

Payment is due in full at time of booking. Payment can be made by credit card, check or wire transfer.

Personal Belongings Storage:

We have limited storage in the clinic, but we do have a secure place for a small bag/wallet/keys and coat.

Shift Times:

Treatment hours are typically 9 - 5pm, with a brief morning discussion of the cases scheduled. Lunch break is typically from 12:30-1:10pm. If you bring packed lunch, you are welcome to store items in the fridge, however we *do not* have facilities to heat up food. There are excellent restaurants and sandwich options in the downtown

area. We do have tea and filtered water available. If you use one of our tea cups we ask that you dispose of tea leaves and wash your cup at the end of the shift.

Hygiene:

Please be aware of personal hygiene, come to the clinic clean and showered, and do not apply strong essential oils or perfumes. Long hair needs to be pulled back.

Clinic Dress Code:

- Men: black collared professional looking shirt. Khaki pants and closed toe clean professional looking shoes. Hoodies and t-shirts are not acceptable.

- Women: black professional looking top, black pants, skirt or long shorts and conservative jewelry. Please no low cut / cleavage revealing shirts. Shorts and skirts must be knee length or longer. Closed toe clean black shoes.

Other:

Please do not engage in conversation with the patients or practitioners while with patients. We work to ensure that your time at The Alternative Clinic is a valuable learning experience, however, please understand the benefit of quiet observation and respect the treatment between practitioner and patient. Depending on the treatment and the condition of the patient, it is often inappropriate to openly discuss the case, diagnosis, techniques or strategy in front of the patient. Casual conversation is often disruptive and consumes valuable treatment time. If the practitioner is chatting with a patient in a casual manner, that does not invite you to join in the conversation. If you have questions, write them down. If you feel you have beneficial comments or suggestions on treatment methods, please keep them to yourself. Please remember that the patients are in our clinic to see us, and they put up with observers because that is our policy. We need you to blend into the background and not bring attention to the fact that there are multiple people observing personal discussions and treatments. We discuss cases at the end of the day and will provide you with time for questions or comments.

Please also keep conversations in the pharmacy and waiting area to a low volume. Please turn off your cell phone and store it with your belongings. **Do not keep your cell phone with you.** While it may seem acceptable in modern times to utilize the phone to look up points and herbs, looking at your phone conveys an image of non-professionalism to the practitioner and patient. Paper and pen note taking is preferred.

I have read and accept these guidelines for my clinical training while at the Alternative Clinic. Please sign this form and return to the clinic.

FOR EXTERNAL INJURIES AND INTERNAL DISEASE

Clinic Reflections

Thank you for joining us at The Alternative Clinic. We have created the observation program to give practitioners an opportunity to see Chinese medicine practiced as it was taught to us. We believe that Chinese medicine can and should be tangibly effective, and immediately obvious across a wide range of illness.

We hope that we have fulfilled these expectations, and created a valuable training program for you. While not required, we do hope you will take the time to write down or film your thoughts on being in our clinic, to assist us in improving the program and to inform others on what to expect. If you are willing to do so, we have created a list of questions below as a guideline. You are welcome to do the interview in your native language if you prefer.

Suggested Talking Points:

Part 01 – A brief description of yourself

01. where are you from
02. how long have you been in practice
03. what kind of previous training you have had
04. have you taken any ATS courses before, and have they affected your practice

Part 02 – Your experience in the clinic

01. impression of the range of illnesses and diversity of patients coming in
02. impression of quality of treatments given
03. explanations of treatment decisions and patient cases
04. what was most interesting to you
05. what was most surprising to you
06. do you feel you will be able to integrate what you have seen at The Alternative Clinic into your practice

Part 03 – General impressions of the program

01. how was organizing your clinical training before arriving
02. how helpful was the staff once you arrived
03. how was your lodging and experience in Asheville
04. what more would you want from this program
05. any advice for future observers
